

March Trestleboard

Eagle Rock Lodge #19 AF&AM

From the East: It was wonderful to see such a large turnout for our Stated Meetings in February. I would like to see that trend continue at all of our meetings especially for our degree work. The support that you have given shows that we are a viable Lodge and if you could continue that support when we initiate new candidates into our Fraternity. It's always better to see the sidelines full rather than being empty when doing the degrees. We have a positive trend going with the membership and with the reading of new petitions.

We will be busy trying to get all these candidates through their degrees. If you are getting tired of the same old routine why not give us a try. Come to Lodge, support your Lodge and its Officers. You can make some new friends and renew old acquaintances, and especially come welcome and show them your support.

We are having information night at the lodge every second stated meeting. Brother Mike Silver is working on a presentation for the second stated meeting in March. Please come and support him and learn something new. I am looking for a volunteer for April's second stated meeting, so if you have anything that you think will be a good presentation for the lodge please come and talk to me about it.

The second stated meeting in February was great. We had our usual business meeting with some good reports from several committees. Following the business meeting we had a Second Degree for Bro. Peter Satin. We had a very good turn out as we counted 29. I want to thank everybody that helped with the ceremonies and those who helped with dinner.

As reported by Bro. Nipper, the Bikes For Books program is on its way. The Lodge approved \$1,000.00 to kick-start the program. This year we are going to give out 28 bikes for two schools. With your support we are hoping to have all 28 bikes donated.

With all of that I will part for now, but not before asking you to continue the trend of having the side lines full for our regular meetings and for degree work.

Fraternally yours,

Josue "Josh" Perez W.M.
